Subject Index to Volume 22

Abrams and Raja pleural biopsy needles, a comparison of, 237
Achilles tendon rupture, bilateral, ciprofloxacin associated, 500
Acute myeloid leukaemia in elderly patients, low-dose combination remission induction therapy for – a pilot study, 710
Addictions, medicine and the, 202
Adrenal haemorrhage, bilateral (Editorial), 231
Age, the effect of, on the inflammatory response to arthritis-associated crystals, 458
AIDS cases in the Sydney AIDS Prospective Study, effect of the revised CDC case definition of AIDS on the number of, 369
Alcohol abuse, preventing the medical sequelae of, 214
Alcoholism, pharmacological treatment of, 220
Alcoholism, biological markers of, 209
All-trans retinoic acid in the treatment of acute promyelocytic leukaemia, 449
All-trans retinoic acid – chemotherapy interactions in acute promyelocytic leukaemia, 704
Alpha-1-antitrypsin replacement therapy – an early Australian experience, 498
Amiodarone pulmonary toxicity – three unusual manifestations, 14
Ammonia, blood, and *Helicobacter pylori*, 311
Amphotericin B, fungal *Pseudoallescheria boydii* lung infiltrates unresponsive to, in leukaemic patients, 265
Anabolic steroid abuse and toxicology, 374
Anaemia, aplastic, atypical presentation of a fungal infection during the rejection of a T-cell depleted bone marrow graft for, 700
Anaemia, aplastic, sulphasalazine induced, 391
Anti-HBc (hepatitis B core antibody), isolated – can response to hepatitis B vaccine help elucidate the cause?, 19
Antibodies against *Sarcocystis* and *Toxoplasma* in humans with the Chronic Fatigue syndrome, 307
Antibody, gliadin, screening sera using an ELISA test for: coexistence of coeliac disease and insulin-dependent diabetes mellitus in children, 256
Antibody, hepatitis B core, isolated – can response to hepatitis B vaccine help elucidate the cause?, 19
Anticoagulant clinic, computerised management of, 496
Anticoagulation therapy in the treatment of venous thromboembolism in patients with disseminated malignancy, complications and failure of, 119
Aortic valvuloplasty, percutaneous balloon, immediate and long-term results of: a report of 33 procedures, 647
Aplasia, red cell, caused by human parvovirus B19 in acute leukaemia, 303
Aplastic anaemia, sulphasalazine induced, 391
Aplastic anaemia, atypical presentation of a fungal infection during the rejection of a T-cell depleted bone marrow graft for, 700
Apo A, B, a of coronary risk, the: back to kindergarten, 570
Appendicitis, acute, and chest infections, microscopic polyarteritis presenting with, 56
Arrhythmias, life threatening ventricular, cardiac involvement and Churg-Strauss syndrome, 167
Arteritis, giant cell temporal, seizures and: what is the relationship? (Letter), 307
Arthritis-associated crystals, the effect of age on the inflammatory response to, 458
Asians, coronary artery disease in, 345
Aspirin, low dose, in the prevention of occlusion of coronary artery bypass grafts, the role of dipyridamole in addition to, 665
Aspirin and dipyridamole in the prevention of coronary disease and coronary artery bypass graft occlusion (Editorial), 645
Asthma in Victorian adults, prevalence of, 358
Asthma mortality and inhaled beta agonist therapy (Letter), 388
Asthma mortality and morbidity (Letter), 308
Asthma mortality and over the counter purchase of inhaled beta agonists (Letter), 705
Asthma under-recognition and under-treatment in an Australian community, 36
Atherosclerosis, a new independent risk factor for: lipoprotein(a) (Editorial), 326
Australian and New Zealand Cardiothoracic Organ Transplant Registry, the: first report 1984-1992, 712
Autoantibodies, recently characterised, and their clinical significance, 279
Autoantibodies in systemic vasculitis (Letter), 171
Autoantibodies to neutrophil cytoplasmic (ANCA) and endothelial cell surface antigens (AECA) in chronic inflammatory bowel disease, 652

Beta agonist, inhaled, therapy, asthma mortality and (Letter), 388
Beta agonists, inhaled, over the counter purchase of, asthma mortality and, 705
Bilateral adrenal haemorrhage (Editorial), 231
Biological markers of alcoholism, 209
Biopsy, pleural, Abrams and Raja needles, a comparison of, 237
Blood ammonia and *Helicobacter pylori*, 311
Blood stem cell, peripheral, mobilisation after chemotherapy with cyclophosphamide as a single agent in doses of 4 g/m² or 7 g/m² in patients with advanced cancer, a comparison of, 660
Bone marrow, T-cell depleted, graft for aplastic anaemia, atypical presentation of a fungal infection during the rejection of a, 700
Bowel disease, chronic inflammatory, autoantibodies to neutrophil cytoplasmic (ANCA) and endothelial cell surface antigens (AECA) in, 652
Breast cancer treatment outside teaching hospitals (Letter), 702
Breast cancer, symptomatic choroidal metastases in, 349
Breast cancer treatment outside teaching hospitals, 309
Bronchoscopy, the role of: investigation of pleural effusion, 41
Budesonide, inhaled, spongiotic (eczematous-type) dermatitis after, 511
Bypass, coronary artery, graft occlusion, aspirin and dipyridamole in the prevention of coronary disease and (Editorial), 645

Cancer, breast, treatment outside teaching hospitals (Letter), 702
Cancer prevention in Australia (Letter), 174
Cancer, breast, treatment outside teaching hospitals, 309
Cancer death, trauma death and total mortality, effects [of] lowering cholesterol on, 580
Cancer, colorectal, recent advances in the treatment of, 61
Cancer, breast, symptomatic choroidal metastases in, 349
Cancer, advanced, patients with, a comparison of peripheral blood stem cell mobilisation after chemotherapy with cyclophosphamide as a single agent in doses of 4 g/m² or 7 g/m² in, 660
Capnocytophaga canimorsus septicaemia, dog-bite induced, 86
Cardiac involvement, life-threatening ventricular arrhythmias and Churg-Strauss syndrome, 167
Cardiac death, sudden, prevention of: the ICD, or an electrical endpoint with preceding opportunities for intervention?, 631
Cardiac death, sudden, the automatic implantable defibrillator is the most realistic and cost-effective way of preventing, 636
Cardiothoracic Organ Transplant Registry, the Australian and New Zealand: first report 1984-1992, 712
Cardiovascular disease in patients with end-stage renal failure, 153
Carditis, active rheumatic, aspects of, 592

CDC (Centres for Disease Control) case definition of AIDS, the revised, effect of, on the number of AIDS cases in the Sydney AIDS Prospective Study, 369
Centres for Disease Control (CDC) case definition of AIDS, effect of, on the number of AIDS cases in the Sydney AIDS Prospective Study, 369
Chemotherapy, intensive, in poor prognosis non-Hodgkin's lymphoma, failure of, 123
Chemotherapy with cyclophosphamide as a single agent in doses of 4 g/m² or 7 g/m² in patients with advanced cancer, a comparison of peripheral blood stem cell mobilisation after, 660
Chemotherapy interactions in acute promyelocytic leukaemia – all-trans retinoic acid, 704
Chest infections and acute appendicitis, microscopic polyarteritis presenting with, 56
Cholesterol and coronary heart disease mortality, 576
Cholesterol, lowering: effects on trauma death, cancer death and total mortality, 580
Choroidal metastases, symptomatic, in breast cancer, 349
Chronic Fatigue syndrome, antibodies against *Sarcocystis* and *Toxoplasma* in humans with, 307
Churg-Strauss syndrome, cardiac involvement and life threatening ventricular arrhythmias, 167
Ciprofloxacin associated bilateral achilles tendon rupture, 500
CMV DNA, polymerase chain reaction in detection of, in renal allograft recipients, 249
Coeliac disease and insulin-dependent diabetes mellitus, co-existence of, in children: screening sera using a ELISA test for gliadin antibody, 256
Colorectal cancer, recent advances in the treatment of, 61
Complement measurements, the value of, in the assessment of lupus activity, 338
Computerised management of an oral anticoagulant clinic, 496
Convulsions, strychnine poisoning an uncommon cause of, 500
Coronary artery disease in Asians, 345
Coronary heart disease mortality, cholesterol and, 576
Coronary disease and coronary artery bypass graft occlusion, aspirin and dipyridamole in the prevention of (Editorial), 645
Coronary artery disease, recurrent, reoperation for – a ten year experience, 364
Coronary risk, the Apo A, B, a of: back to kindergarten, 570
Coronary artery bypass grafts, occlusion of, the role of dipyridamole in addition to low dose aspirin in the prevention of, 665
Cottrell, Jack Dinham, 199
Crystals, arthritis-associated, the effect of age on the inflammatory response to, 458
Cyclophosphamide as a single agent in doses of 4 g/m² or 7 g/m² in patients with advanced cancer, a comparison of peripheral blood stem cell mobilisation after chemotherapy with, 660
Cytomegalovirus meningoencephalitis in healthy adults with coincident infection by human herpesvirus type 6, 504
Cytomegalovirus DNA, polymerase chain reaction in detection of, in renal allograft recipients, 249

Day case electrophysiologic studies, the safety and economic advantages of, 240
Death certification and coding for ischaemic heart disease in Tasmania, 114
Dementia, successful use of a transdermal nicotine patch to manage a smoker with, 310
Dermatitis, spongiotic (eczematous-type), after inhaled budesonide, 511
Diabetes mellitus, insulin-dependent, and coeliac disease, co-existence of, in children: screening sera using a ELISA test for gliadin antibody, 256
Diabetes mellitus, patients with, aged less than 40 years, health service utilisation in the public and private sector by, 274
Diabetes, lipoprotein(a) concentration in: relationship to proteinuria and diabetes control, 329
Dialysis, chronic renal disease states and transplantation, lipoprotein(a) levels in, 243
Digitalise or not?: heart failure. The view against, 626
Dipyridamole in addition to low dose aspirin in the prevention of occlusion of coronary artery bypass grafts, the role of, 665
Dipyridamole and aspirin in the prevention of coronary disease and coronary artery bypass graft occlusion (Editorial), 645
Drinking, harmful, experience from studies of: brief and early intervention, 224
Drugs, illicit, the reduction of harm resulting from use of: taming demons, 204

ECG machine, a portable interpretive, in diagnosis of acute evolving myocardial infarction, accuracy of, 9
Echocardiography in the management of mitral valve prolapse, 550
Echocardiography, transoesophageal, in heart disease – old technologies, new tricks, 527
Echocardiography, exercise, 610
Echocardiography, digital, in myocardial infarction, 521
Elderly patients, low-dose combination remission induction therapy for acute myeloid leukaemia in – a pilot study, 710
Electrocardiogram machine, a portable interpretive, in diagnosis of acute evolving myocardial infarction, accuracy of, 9
Electrophysiologic studies, day case, the safety and economic advantages of, 240
Electrophysiological studies, outpatient (Editorial), 234
ELISA test for gliadin antibody, screening sera using an: co-existence of coeliac disease and insulin-dependent diabetes mellitus in children, 256
Endothelial cell surface and neutrophil cytoplasmic antigens in chronic inflammatory bowel disease, autoantibodies to, 652
Exercise echocardiography, 610
Exercise, the importance of assessing time-course behaviour of abnormal ST/T changes after, 618
Exercise testing? not at all, 613
Exercise and the heart, 607

Fascioliasis, human, successfully treated with triclabendazole, 45
Femur, neck of the, prevention of fracture of: evidence from developing countries of the relative unimportance of osteoporosis (Letter), 85
5-Fluorouracil-induced pseudoporphyria, 385
Forensic medicine in Australasia, the practice of: a review, 477
Fracture of the neck of the femur, prevention of: evidence from developing countries of the relative unimportance of osteoporosis (Letter), 85
Fractures, vertebral, trabecular spacing in post-menopausal Australian women with and without, 269
Fungal infection, atypical presentation of, during the rejection of a T-cell depleted bone marrow graft for aplastic anaemia, 700

Gammopathies, monoclonal, current concepts on (Letter), 703
Gammopathies, monoclonal, current concepts on, 291
Gammopathy, monoclonal, as a clue to the presence of thyroid lymphoma associated with auto-immune thyroiditis, 510
Gastric surfactant, a mucosal barrier of, identified in the human stomach, 441
Gastropathy, nonsteroidal anti-inflammatory drug – is it preventable?, 685
Germ cell tumours, poor prognosis non-seminomatous, new approaches to the management of, 679
Giant cell temporal arteritis, seizures and: what is the relationship? (Letter), 307
Gliadin antibody, screening sera using an ELISA test for: co-existence of coeliac disease and insulin-dependent diabetes mellitus in children, 256

Glutethimide withdrawal syndrome – the ethics of supply and demand, 708
Granulomatous thyroiditis and lithium therapy, 84
Graves' disease, hypokalaemic paralysis induced by bolus prednisolone in, 312

Haemoglobin, a high oxygen affinity, Hb Finlandia, the use of the polymerase chain reaction in the identification of, 390
Haemoglobinuria, paroxysmal nocturnal, perianal zygomycosis in, 707
Haemolysis from prosthetic heart valves, does sulphinpyrazone reduce?, 382
Haemorrhage, bilateral adrenal (Editorial), 231
Hb Finlandia, a high oxygen affinity haemoglobin, the use of the polymerase chain reaction in the identification of, 390
Health service utilisation in the public and private sector by patients with diabetes mellitus aged less than 40 years, 274
Heart failure: to digitalise or not? The view against, 626
Heart valves, prosthetic, does sulphinpyrazone reduce haemolysis from?, 382
Heart, exercise and the, 607
Heart disease, transoesophageal echocardiography in – old technologies, new tricks, 527
Heart disease, ischaemic, in Tasmania, death certification and coding for, 114
[Heart failure:] the push, the pull and the periphery, 587
Helicobacter pylori, blood ammonia and, 311
Heparin-induced thrombocytopenia, 145
Heparin-like activity, systemic, in mastocytosis, 170
Heparins and heparinoids, low molecular weight, overview of: basic and clinical aspects, 487
Hepatic failure, fulminant, in a young mother, 142
Hepatitis C virus, prevalence of antibodies to, in patients receiving renal replacement therapy, and in the staff caring for them, 353
Hepatitis B, fulminant viral, in a small lymphocytic lymphoma patient, 512
Hepatitis B core antibody, isolated – can response to hepatitis B vaccine help elucidate the cause?, 19
Herpesvirus type 6, human, cytomegalovirus meningoencephalitis in healthy adults with coincident infection by, 504
Hirsutism due to late onset 3β-hydroxysteroid dehydrogenase deficiency, 384
Hormone replacement, post-menopausal, safety of (Editorial), 103
Hormone replacement, post-menopausal, safety of (Letter), 507
HTLV-I seroreactivity, monoclonal large granular lymphocyte proliferation in SLE with, 54
Hyperoxaluria, primary, late presentation and development of nephrocalcinosis in, 48
Hyperparathyroidism, asymptomatic primary: the case for surgical management (Letter), 501
Hyperparathyroidism, asymptomatic primary: a surgeon's perspective, 165
Hyperparathyroidism, asymptomatic primary: the case for conservative management, 161
Hypokalaemic paralysis induced by bolus prednisolone in Graves' disease, 312
Hypotension, orthostatic, lack of efficacy of octreotide in the long term treatment of, 83

ICD (Implantable Cardioverter Defibrillator), or an electrical endpoint with preceding opportunities for intervention?: prevention of sudden cardiac death, 631
IgG RF production in viral diseases, 503
Immunopathogenesis, review with recent insights in: Sjögren's syndrome, 671
Implantable defibrillator, automatic, is the most realistic and cost-effective way of preventing sudden cardiac death, 636
Implantable cardioverter defibrillator (ICD), or an electrical endpoint with preceding opportunities for intervention?: prevention of sudden cardiac death, 631
Infarction, myocardial, remodelling of the heart after, 601
Infarction, acute myocardial, reduced synthesis of tissue plasminogen activator endothelium during, 261
Infarction, acute myocardial, diagnosing (Letter), 387
Infarction, acute evolving myocardial, accuracy of a portable interpretive ECG machine in diagnosis of, 9
Infarction, myocardial, digital echocardiography in, 521
Inflammatory bowel disease, chronic, autoantibodies to neutrophil cytoplasmic (ANCA) and endothelial cell surface antigens (AECA) in, 652
Ischaemic heart disease in Tasmania, death certification and coding for, 114
ISIS experience, the: trials and tribulations, 583

Ki-1 lymphoma, extranodal, in a renal transplant patient, 51

Leukaemia, acute, red cell aplasia caused by human parvovirus B19 in, 303
Leukaemia, acute, vitamin therapy for (Editorial), 446
Leukaemia, acute myeloid, in elderly patients, low-dose combination remission induction therapy for – a pilot study, 710
Leukaemia, acute promyelocytic, chemotherapy interactions in – all-trans retinoic acid, 704
Leukaemia, acute promyelocytic, all-trans retinoic acid in the treatment of, 449
Leukaemic patients, fungal *Pseudoallescheria boydii* lung infiltrates unresponsive to amphotericin B in, 265
Lipids, plasma, optimising: public intervention versus high risk management, 566
Lipoprotein(a) levels in chronic renal disease states, dialysis and transplantation, 243
Lipoprotein(a) concentration in diabetes: relationship to proteinuria and diabetes control, 329
Lipoprotein(a): a new independent risk factor for atherosclerosis (Editorial), 326
Lithium therapy, granulomatous thyroiditis and, 84
Low molecular weight heparins and heparinoids, overview of: basic and clinical aspects, 487
Lung infiltrates, fungal *Pseudoallescheria boydii*, unresponsive to amphotericin B in leukaemic patients, 265
Lupus erythematosus, systemic, mortality in: active disease is the most important factor, 5
Lupus erythematosus, systemic, monoclonal large granular lymphocyte proliferation in, with HTLV-I seroreactivity, 54
Lupus activity, the value of complement measurements in the assessment of, 338
Lymphocyte, monoclonal large granular, proliferation in SLE with HTLV-I seroreactivity, 54
Lymphoma, small lymphocytic, patient, fulminant viral hepatitis B in a, 512
Lymphoma, thyroid, associated with auto-immune thyroidis, monoclonal gammopathy as a clue to the presence of, 510
Lymphoma, primary large cell, of the rectum, 709
Lymphoma, poor prognosis non-Hodgkin's, failure of intensive chemotherapy in, 123
Lymphoma, extranodal K-1, in a renal transplant patient, 51

Malaria, *Plasmodium vivax*, profound thrombocytopenia due to, 169
Malaria: an underdiagnosed and often neglected medical emergency, 69
Malignancy, disseminated, patients with, complications and failure of anticoagulation therapy in the treatment of venous thromboembolism in, 119
Mastocytosis, systemic heparin-like activity in, 170
Mastocytosis, systemic, pingueculae in: a possible association, 711

Medical school, the structured interview as a tool for predicting premature withdrawal from, 692
Melanoma, metastatic, presenting at diagnosis as a testicular mass, 701
Meningoencephalitis, cytomegalovirus, in healthy adults with coincident infection by human herpesvirus type 6, 504
Metastatic melanoma presenting at diagnosis as a testicular mass, 701
Microalbuminuria, semi-quantitative determination of, by urinary dipstick, 334
Microscopic polyarteritis presenting with chest infections and acute appendicitis, 56
Migrants, multi-drug resistant tuberculosis in (Letter), 173
Mitral regurgitation, left ventricular energy in: a preliminary report, 532
Mitral valve prolapse, echocardiography in the management of, 550
Mitral valve palpitations, 562
Mitral valve billowing and prolapse – an overview, 541
Mitral valve, prolapsing, genes, gender and geometry and the, 556
Monoclonal gammopathies, current concepts on, 291
Monoclonal gammopathies, current concepts on (Letter), 703
Monoclonal gammopathy as a clue to the presence of thyroid lymphoma associated with auto-immune thyroiditis, 510
Mortality in systemic lupus erythematosus: active disease is the most important factor, 5
Mortality and morbidity, asthma (Letter), 308
Mortality, asthma, and inhaled beta agonist therapy (Letter), 388
Mortality, asthma, and over the counter purchase of inhaled beta agonists (Letter), 705
Mortality, coronary heart disease, cholesterol and, 576
Mortality, total, trauma death and cancer death, effects [of] lowering cholesterol on, 580
Motor Neurone disease, substantia nigra degeneration in: a quantitative study, 469
Multiple myeloma, thyroid involvement in, 139
Myeloma, multiple, thyroid involvement in, 139
Myocardial infarction, digital echocardiography in, 521
Myocardial infarction, acute, diagnosing (Letter), 387
Myocardial infarction, acute, reduced synthesis of tissue plasminogen activator by vascular endothelium during, 261
Myocardial infarction, remodelling of the heart after, 601
Myocardial infarction, acute evolving, accuracy of a portable interpretive ECG machine in diagnosis of, 9

Nephrocalcinosis in primary hyperoxaluria, late presentation and development of, 48
Neuroendocrine protein 7B2 in Prader-Willi syndrome, 455
Neutrophil cytoplasmic and endothelial cell surface antigens in chronic inflammatory bowel disease, autoantibodies to, 652
Nicotine patch, transdermal, successful use of, to manage a smoker with dementia, 310
Non-Hodgkin's lymphoma, poor prognosis, failure of intensive chemotherapy in, 123
Nonsteroidal anti-inflammatory drug gastropathy – is it preventable?, 685
NSAID prescribing information, 386
NSAIDs (nonsteroidal anti-inflammatory drugs) gastropathy – is it preventable?, 685

Octreotide, lack of efficacy of, in the long term treatment of orthostatic hypotension, 83
Orthostatic hypotension, lack of efficacy of octreotide in the long term treatment of, 83
Osteoporosis, evidence from developing countries of the relative unimportance of: prevention of fracture of the neck of the femur (Letter), 85
Outpatient electrophysiological studies (Editorial), 234

Palpitations, mitral valve, 562
Paralysis, hypokalaemic, induced by bolus prednisolone in Graves' disease, 312
Paroxysmal supraventricular tachycardia, clinical experience with surgery for: a report of 103 cases, 134
Parvovirus B19, human, red cell aplasia caused by, in acute leukaemia, 303
Penicillin resistance, how common in Australia? : *Streptococcus pneumoniae*, 473
Percutaneous balloon aortic valvuloplasty, immediate and long-term results of: a report of 33 procedures, 647
Pharmacological treatment of alcoholism, 220
Phrenic nerve pacing in two young quadriplegic ventilator-dependent patients, 463
Pingueculae in systemic mastocytosis: a possible association, 711
Plasma lipids, optimising: public intervention versus high risk management, 566
Plasmodium vivax malaria, profound thrombocytopenia due to, 169
Pleural biopsy needles, Abrams and Raja, a comparison of, 237
Pleural effusion, investigation of: the role of bronchoscopy, 41
Poisoning, strychnine, an uncommon cause of convulsions, 500
Polyarteritis, microscopic, presenting with chest infections and acute appendicitis, 56
Polymerase chain reaction, the use of, in the identification of a high oxygen affinity haemoglobin – Hb Finlandia, 390
Polymerase chain reaction in detection of CMV DNA in renal allograft recipients, 249
Post-menopausal hormone replacement, safety of (Letter), 507
Post-menopausal Australian women, trabecular spacing in, with and without vertebral fractures, 269
Post-menopausal hormone replacement, safety of (Editorial), 103
Prader-Willi syndrome, neuroendocrine protein 7B2 in, 455
Prednisolone, bolus, hypokalaemic paralysis induced by, in Graves' disease, 312
Primary hyperparathyroidism, asymptomatic: the case for surgical management (Letter), 501
Prolapse, mitral valve billowing and – an overview, 541
Prolapse, mitral valve, echocardiography in the management of, 550
Prolapsing mitral valve, genes, gender and geometry and the, 556
Promyelocytic leukaemia, acute, chemotherapy interactions in – all-trans retinoic acid, 704
Proteinuria and diabetes control, relationship [of] lipoprotein(a) concentration in diabetes to, 329
Pseudoallescheria boydii lung infiltrates, fungal, unresponsive to amphotericin B in leukaemic patients, 265
Pseudoporphyria, 5-fluorouracil-induced, 385
Pulmonary toxicity, amiodarone – three unusual manifestations, 14

Quadriplegic ventilator-dependent patients, two young, phrenic nerve pacing in, 463
Quality assurance and Mallalieu's box (Letter), 706
Quality Assurance and the Royal Australasian College of Physicians (Editorial), 323

Raja and Abrams pleural biopsy needles, a comparison of, 237
Rectum, primary large cell lymphoma of the, 709
Red cell aplasia caused by human parvovirus B19 in acute leukaemia, 303
Regurgitation, mitral, left ventricular energy in: a preliminary report, 532
Renal failure, end-stage, cardiovascular disease in patients with, 153
Renal transplant patient, extranodal Ki-1 lymphoma in a, 51
Renal allograft recipients, polymerase chain reaction in detection of CMV DNA in, 249
Renal disease states, chronic, dialysis and transplantation, lipoprotein(a) in, 243
Renal replacement therapy, patients receiving, and staff caring for them, prevalence of antibodies to hepatitis C virus in, 353

Rheumatic carditis, active, aspects of, 592
RSI revisited: evidence for psychological and physiological differences from an age, sex and occupation matched control group, 23
RSI revisited (Letter), 393

Sarcocystis and *Toxoplasma* in humans with the Chronic Fatigue syndrome, antibodies against, 307
Sarcoidosis, intramedullary spinal cord, presenting with urinary retention, 505
Seizures and giant cell temporal arteritis: what is the relationship? (Letter), 307
Septicaemia, *Capnocytophaga canimorsus*, dog-bite induced, 86
Seroreactivity, HTLV-I, monoclonal large granular lymphocyte proliferation in SLE with, 54
7B2, neuroendocrine protein, in Prader-Willi syndrome, 455
Sjögren's syndrome: review with recent insights into immunopathogenesis, 671
SLE, monoclonal large granular lymphocyte proliferation in, with HTLV-I seroreactivity, 54
Smoker with dementia, successful use of transdermal nicotine patch to manage a, 310
Spinal cord, intramedullary, sarcoidosis, presenting with urinary retention, 505
Spongiotic (eczematous-type) dermatitis after inhaled budesonide, 511
ST/T changes, abnormal, after exercise, the importance of assessing time-course behaviour of, 618
Steroid, anabolic, abuse and toxicology, 374
Stomach, human, a mucosal barrier of gastric surfactant identified in the, 441
Streptococcus pneumoniae: how common is penicillin resistance in Australia?, 473
Streptokinase morbidity – more common than previously recognised, 129
Streptokinase, late adverse effects of (Editorial), 106
Stroke, acute, outcome: effects of stroke type and risk factors, 30
Stroke, acute: a new era? (Editorial), 3
Strychnine poisoning: an uncommon cause of convulsions, 500
Substantia nigra degeneration in Motor Neurone disease: a quantitative study, 469
Sudden cardiac death, prevention of: the ICD, or an electrical end-point with preceding opportunities for intervention?, 631
Sudden cardiac death, the automatic implantable defibrillator is the most realistic and cost-effective way of preventing, 636
Sulphasalazine induced aplastic anaemia, 391
Sulphinpyrazone, does [it] reduce haemolysis from prosthetic heart valves?, 382
Systemic lupus erythematosus, mortality in: active disease is the most important factor, 5
Systemic lupus erythematosus (SLE), monoclonal large granular lymphocyte proliferation in, with HTLV-I seroreactivity, 54

Tachycardia, paroxysmal supraventricular, clinical experience with surgery for: a report of 103 cases, 134
Tasmania, death certification and coding for ischaemic heart disease in, 114
Testicular mass, metastatic melanoma presenting at diagnosis as a, 701
Testis, germ cell tumours of the (Letter), 305
3-β hydroxysteroid dehydrogenase deficiency, late onset, hirsutism due to, 384
Thrombocytopenia, heparin-induced, 145
Thrombocytopenia, profound, due to *Plasmodium vivax* malaria, 169
Thromboembolism, venous, in patients with disseminated malignancy, complications and failure of anticoagulation therapy in the treatment of, 119
Thyroid lymphoma associated with auto-immune thyroiditis, monoclonal gammopathy as a clue to the presence of, 510
Thyroid involvement in multiple myeloma, 139
Thyroiditis, auto-immune, monoclonal gammopathy as a clue to the presence of thyroid lymphoma associated with, 510
Thyroiditis, granulomatous, and lithium therapy, 84
Tissue plasminogen activator, reduced synthesis of, by vascular endothelium during acute myocardial infarction, 261
Toxicity, amiodarone pulmonary – three unusual manifestations, 14
Toxicology, anabolic steroid abuse and, 374
Toxoplasma and *Sarcocystis* in humans with the Chronic Fatigue syndrome, antibodies against, 307
Trabecular spacing in post-menopausal Australian women with and without vertebral fractures, 269
Transoesophageal echocardiography in heart disease – old technologies, new tricks, 527
Transplant Registry, the Australian and New Zealand Cardiothoracic Organ: first report 1984-1992, 712
Transplantation, chronic renal disease states and dialysis, lipoprotein(a) levels in, 243
Trauma death, cancer death and total mortality, effects [of] lowering cholesterol on, 580
Triclabendazole, human fascioliasis successfully treated with, 45
Tuberculosis, multi-drug resistant, in migrants (Letter), 173
Tuberculosis, culture-positive, in Western Australia, 106
Tumours, poor prognosis non-seminomatous germ cell, new approaches to the management of, 679
Tumours, germ cell, of the testis (Letter), 305

Urinary retention, intramedullary spinal cord sarcoidosis presenting with, 505
Urinary dipstick, semi-quantitative determination of micro-albuminuria by, 334

Valve, mitral, prolapse, echocardiography in the management of, 550
Valve, mitral, billowing and prolapse – an overview, 541
Valve, mitral, palpitations, 562
Valve, mitral, prolapsing, genes, gender and geometry and the, 556
Valvuloplasty, percutaneous balloon aortic, immediate and long-term results of: a report of 33 procedures, 647
Vasculitis, systemic, autoantibodies in (Letter), 171
Venous thromboembolism in patients with disseminated malignancy, complications and failure of anticoagulation therapy in the treatment of, 119
Ventilator-dependent patients, two young quadriplegic, phrenic nerve pacing in, 463
Ventricular arrhythmias, life threatening, cardiac involvement and Churg-Strauss syndrome, 167
Ventricular, left, energy in mitral regurgitation: a preliminary report, 532
Vertebral fractures, trabecular spacing in post-menopausal Australian women with or without, 269
Victorian adults, prevalence of asthma in, 358
Viral diseases, IgG RF production in, 503
Vitamin therapy for acute leukaemia (Editorial), 446

Western Australia, culture-positive tuberculosis in, 106
Wilcken, David, a festschrift for (Editorial), 519

Zygomycosis, perianal, in paroxysmal nocturnal haemoglobinuria, 707
